# Medical Service-Connected Disability

“Disability Compensation is a tax free monetary benefit paid to Veterans with disabilities that are the result of a disease or injury incurred or aggravated during active military service. Compensation may also be paid for post-service disabilities that are considered related or secondary to disabilities occurring in service and for disabilities presumed to be related to circumstances of military service, even though they may arise after service. Generally, the degrees of disability specified are also designed to compensate for considerable loss of working time from exacerbations or illnesses.”

<https://www.benefits.va.gov/compensation/index.asp>

# Don't Forget!

Apply for service connection for both hearing loss **and** tinnitus if you have both conditions

Discuss your eligibility for service connection for other medical conditions

Contact Evergreen Audiology Clinic for assistance if needed
